## 35. Admissions

### Ducklings pre-school policy statement

It is our intention to make our pre-school accessible to children and families from all sections of the local community. We aim to ensure that all sections of our community have access to the pre-school through open, fair and clearly communicated procedures.

### Procedures

- We ensure that the existence of our pre-school is advertised in places accessible to all sections of the community.
- We ensure that information about our pre-school is accessible, on the internet, in written and spoken form. Where appropriate, provided in different community languages and in other formats on request.
- Waiting list application forms are dated on receipt and put on the Ducklings Admission Request list in date received order.
- Our pre-school and its practices are welcoming and make it clear that fathers, mothers, other relations and carers are all welcome.
- Our pre-school and its practices operate in a way that encourages positive regard for and understanding of difference and ability - whether gender, family structure, class, background, religion, ethnicity or competence in spoken English.
- We describe our pre-school and its practices in terms of how it enables children and/or parents with disabilities to take part in the life of the pre-school.
- We support children and/or parents with disabilities to fully take part in all activities within our pre-school.
- We monitor the needs and background of children joining our pre-school on the Registration Form, to ensure that no accidental or unintentional discrimination is taking place.
- We share and widely promote our Valuing Diversity and Promoting Equality Policy (32).
- We are flexible about attendance patterns to accommodate the needs of individual children and families, providing these do not disrupt the pattern of continuity in the pre-school that provides stability for all the children.
- On an annual basis we review the number of children leaving us.
